In addition to regular savings, we offer:

Rainy Day Savings

Grow your savings automatically with our Rainy Day Savings account. With every deposit you make into a GreenState checking account, 2% will automatically go into your Rainy Day Savings account. This makes building an emergency savings easy and you won't even need to think about it.

Certificates of Deposit

No immediate plans for your savings? Open a certificate of deposit and earn a higher yield. The minimum investment is just \$500. Terms range from 3 to 60 months. Visit GreenState.org for rates and monthly specials.

Individual Retirement Accounts

Individual Retirement Accounts (IRAs) are a great way to ensure that you retire with confidence. Open one today with as little as \$100, then add to it whenever you like. Choose from a Traditional or Roth account.

Money Market Accounts

GreenState Money Market Accounts are interest-bearing accounts that pay a higher interest rate than regular savings while still being protected and insured by the NCUA up to \$250,000. Our Money Market Accounts use tiered rates to maximize your earnings and are a great place to store your funds that you want to keep liquid.

Health Savings Accounts

A Health Savings Account (HSA) helps you save money and spend it on qualified medical expenses. HSAs are a tool in which you pay for most of your health costs until you reach your deductible, then your insurance starts paying their portion of expenses.

Merchants who accept Mastercard credit cards have an assigned merchant code that is determined by the merchant or its processor based on the kinds of products and services they primarily sell. GreenState makes every effort to identify relevant merchant codes that fit into one of the bonus points categories of purchases. A purchase will not earn extra bonus points if the merchant's code is not eligible. In some cases, even though a merchant may sell items that fit within a bonus category, if the merchant does not have a merchant code in that bonus category the purchase will not earn extra points. Purchases made through third-party payment accounts, mobile card readers, mobile wallets or other similar technologies may not qualify for bonus points if the technology is not set up to process the purchase with a merchant code that has been identified as falling within a bonus points category. The accepted MCC codes by category are: Gas: 5169, 5172, 5541, 5542; Grocery: 5411, 5422, 5441, 5451, 5462, 5499; Airlines: 3000-3299, 4511; and Hotels: 3501-3834

All points expire 2 years after earning them. To check your points, login to Online Banking, review your credit card statement, or visit www.selectyourrewards.com/GreenState.

Insurance

It makes sense that one of the leading lenders in the Midwest also provides exemplary insurance products to help you protect your assets. GreenState Insurance exists for that purpose. As an independent insurance agency with a professional full-service staff, we can review multiple providers to find the right coverage for your home, auto, business, or life. GreenState Insurance draws from the top companies in the industry. We are not obligated to any one company, and provide unbiased advice to meet your needs.

The Benefit of Independence

As an independent agency, GreenState Insurance can shop around multiple top-rated insurance providers. Our role is to serve as a trusted advisor. We will consult with you to help understand your needs before recommending the best combination of coverage, service, and value for your unique situation.

Home

For many, your home is your largest asset. That's why you need to protect it. Our professionals can search multiple providers to build a policy to protect you from a wide array of scenarios affecting your home or property. Bundling auto insurance in with home insurance can also lead to cost savings.

Auto

How do you prefer to get from point A to point B? Is it a car, truck, van, boat, motorcycle, or RV? No matter what your method of transportation, GreenState Insurance has the products to protect you, and multiple vehicles can lead to discounts on monthly premiums.

Business

Running a business is a full-time job and you don't have time to be an insurance expert. No matter what business you're in, having the right insurance plan is critical. We can help you assess the insurance needs of your business and build a plan designed to protect it.

Life

Life insurance is offered to cover the financial effects of unexpected or untimely death. It can also be one of many ways you plan for the future. An important part of any person's financial portfolio, life insurance offers tremendous peace of mind to those you leave behind. An agent can help you review your insurance needs and provide information about our available policies. Learn more about these and other insurance products we offer by visiting GreenState.org and clicking on the Insurance tab.

Long-Term Care (LTC)

Most American families need to consider long-term care insurance, because sooner or later, many of us will need extended care not covered by regular health insurance or government programs. According to the U.S. Department of Health and Human Services, "At least 70 percent of people over age 65 will require some long-term care services at some point in their lives." (National Clearinghouse for LTC Information)

Short-Term Care (STC)

Short-term care insurance policies or recovery policies offer benefits for many different types of health care and aging needs. They generally are purchased by older individuals (ages 50 to 89) to cover gaps in Medicare coverage or as an alternative to traditional long-term care insurance protection. Just as the name implies, short-term care insurance policies are designed to provide benefits for just a few days or for up to 360 days.
